PEOPLE-FIRST LEADERSHIP

INTRODUCTION

My fellow residents of Mikindani Ward,

I, Stephen Alfred Musyoki, proudly stand before you to offer myself as your next Member of County Assembly (MCA) under the **Wiper Patriotic Front Party** – a movement founded on the principles of **justice, unity, and people-centered leadership**.

Guided by the great Wiper spirit of "**INAWEZEKANA**", I firmly believe that meaningful development, equal opportunities, and honest leadership are not just dreams – they are achievable realities for our beloved Mikindani Ward.

For too long, our ward has witnessed broken promises, neglected roads, unemployed youth, and leaders who forget the people the moment they enter office. That era ends in 2027.

I am not coming to power; I am coming to serve by empowering the Mikindani community through a structure that will ensure total participation and will act as a supervisory body to ensure that all services are delivered to the community as promised. My mandate will be to mobilize for funds and resources for achievement of the community agenda.

MY VISION

A Mikindani Ward where no one is left behind – a clean, secure, and prosperous community where every resident has access to opportunity, dignity, and a voice in their own governance.

MY MISSION

To deliver transparent, accountable, and people-first leadership that transforms Mikindani Ward through inclusive development, youth and women empowerment, quality education, accessible healthcare, and sustainable infrastructure – all while upholding the ideals of the Wiper movement.

CORE VALUES (WIPER IDEALS)

- 1. Integrity and transparency** – Every shilling of public money accounted for.
- 2. Unity and inclusivity** – All tribes, ages, and genders working as one.
- 3. Equity and social justice** – Fair treatment for every resident.
- 4. Public participation** – You will decide, not just be informed.
- 5. Development with accountability** – Results, not excuses.

- Ensure all county tenders include quotas for women and PWDs.

Work with the county to modernize Mikindani Market (shelves, clean water, lockable stalls). Promote hustler-friendly business permits for small traders and boda boda operators. Link local farmers and fish vendors to county aggregation and distribution channels.

9. ENVIRONMENT AND CLIMATE ACTION

Launch "Mikindani Green" – a monthly tree planting drive (minimum 500 trees per month). Ban single-use plastics in the ward market and advocate for proper waste collection. Unblock and maintain drainage channels to reduce flooding and waterborne diseases.

MY COMMITMENTS AS YOUR MCA

I, **Stephen Alfred Musyoki**, do solemnly commit that:
